Beer

Chinese "Old Snow" beer (born 1964 in Shenyang) - 0,64l - 12,00 Euro

NoMoreRice Miss are the first restaurants in Dortmund to serve this special beer.

Snow beer (Chinese: 雪花啤酒; literally 'Snowflake beer') is a brand of lager beer from Shenyang, China. It is considered the best-selling beer brand in China.

Old Snow Beer is a physically filtered beer that is not heated or sanitized, so there is less loss of aromatic substances and the mellow, refreshing taste remains essentially unchanged. This is coupled with the fact that the wort concentration is higher than in other beers, resulting in a stronger taste.

In 1934, the Japanese breweries Kirin Brewery and Dai Nippon Brewery jointly created the Manchurian Brewery in occupied China. After the war, the name was changed to Shenyang Brewing Company in 1949, and since 1957 "Snow Beer" became a brand around the world.
